PROFESSIONAL SUMMARY

Content and product marketer with 4+ years in B2B SaaS go-to-market, spanning positioning, messaging, SEO, thought leadership, and sales enablement. Built content and automation systems that drove up to 40% of inbound demo pipeline, grew founder brands from zero to thousands of followers, and shipped 50+ enterprise sales assets. A technical-writing background brings strong fluency in translating complex products into clear buyer-facing narratives.

PROFESSIONAL EXPERIENCE

Product Marketing, **Stitchflow**

Oct 2024 – Present

Chennai, India

- Shaped positioning and messaging for a technical SaaS platform, translating product capabilities into clear buyer-facing value and aligning content, sales enablement, and GTM to a single narrative.
- Built SEO content programs that published 100+ long-form articles ranking on page one of Google, driving as much as 40% of inbound demo pipeline.
- Automated content production with AI that ghostwrites thought leadership for multiple B2B SaaS founders in each founder's authentic voice, and bulk-produces blogs, newsletters, and social at scale.
- Produced 50+ enterprise sales assets, including case studies, pitch decks, and ROI narratives that moved enterprise deals forward.
- Grew founder LinkedIn followings from zero to thousands (up to 8% engagement) and launched weekly newsletters at 30%+ open rates, building authority in SaaS governance and IT operations.
- Developed a social listening system that monitors Reddit, Hacker News, and search, scores relevant conversations, and drafts on-brand replies for founders to post.

Zoho Corporation
